Subject: Revise Turkey comment on TGICA Vision Paper  
To: mshongwe@wmo.int, IPCC ipcc-sec@wmo.int  
Cc: Diren Ertekin <diren.ertekin@csb.gov.tr>

Dear IPCC Secretariat,

I'm de Turkey's delegate who going to attend to the IPCC 43rd Session. I downloaded the related document from IPCC Paper Smart Portal and I noticed that INF Doc 18 "IPCC-XLIII/INF. 18 Future of the TGICA - Collated Comments from Governments and IPCC Observer Organizations on the revised TGICA Vision Document." doesn't reflect Turkey Focal Point's correction on 25 January.

I would like grateful if you could correct INF Doc 18 in order to better represent Turkey's Comment as "Turkey support Option 3-Strengthening of TGICA and upgrade the Data Distribution Centre (DDC)"

Looking forward to see revised INF. 18 to avoid confusion during the Session.

Best regards

**Subject:** Re: IPCC - TGICA Vision Paper

Many thanks for your inputs on the TGICA vision paper. Something is not clear because Option 3 and what you wrote in brackets are not consistent. We would like to seek clarity from you if you meant Option 1 (Discontinue or severely curtail TGICA and discontinue the DDC) or you meant Option 3 (strengthen TGICA and upgrade the DDC).

Best wishes,

Dear Sir/Madame,

As the National Focal Point of Turkey to IPCC, I would like to inform you that regarding the Options for the Future Role of TGICA and the DDC of TGICA Vision paper, Turkey supports the Option 3 (Discontinue or severely curtail TGICA and discontinue the DDC) and we are of the opinion that technical support and additional activities listed in Table 1 would contribute substantially to the IPCC and climate change research community.

Best regards,

Mehrali ECER  
National Focal Point of TURKEY on IPCC
